

A Comprehensive Solution For Your Maximum Security

Protecting and securing hundreds of prisons world-wide

Singapore	Thailand	Brazil	The Netherlands	Colombia
Mexico	Hong Kong	Cyprus	Finland	Canada
Australia	New Zealand	Korea	United States	

Supporting Your Policy and Personnel at All Times

Prisons around the world are highly complex domains to manage and run. Magal S³ Solutions assist prison personnel at any level control and reinforce facility policy while harnessing powerful and proven technology to stay on top of events.

An Industry-Wide Confidence in Magal S³'s Security Solutions

The majority of U.S. correctional facilities that use electronic security employ our sensors and life safety products for both perimeter and staff security.

Perimeter Intrusion Detection

Smart indicative fences, virtual and concealed sensors, radars and cameras.

Entry Checkpoints

Pedestrian gates - Biometric identification, face recognition, handheld scanning
Car gates - Vehicle examination, LPR, access control, barriers.

Surveillance and Intelligence

Cellular detection and jamming, content interception, video analytics, performance VMD (Video Motion Detection) and sophisticated IVA (Intelligent Video Analytics).

Staff Security

Personal camera tracking, trigger-based cell doors, emergency scenarios, and panic buttons.

Communications

Video conferencing capabilities, phone systems, intercoms and radios.

Contraband Prevention

Full scale metal detection, X-ray and electronic device detection, narcotic substances detection and more.

Inmate Tracking

Electronic bracelets, home arrest and rehabilitation institute tracking.

Fortis 4G Command & Control

Upgrade your existing security controls with our powerful and dynamic Command and Control software-complete third-party integration and enable personnel to monitor all sites from a single location.
