Keeping Cities Safe And Citizens Protected

The world's leading end-to-end safe city provider

Delivering real-time situational awareness and ensuring the safety and security of people, critical assets and operations.

Advanced protection against crime, vandalism, and civil unrest

Critical Assets protection	Traffic management	Crowd & event management	Emergency Response
Suspect monitoring	Social media sourcing	Investigation tools	Alerts & Recommendations

. **Collecting** data from a variety of sensors, and storing for processing

Fusing, filtering, and applying advanced analytics to the collected data to identify the most relevant information

. while flagging abnormalities

.**Visualizing** relevant information using multiple layers to increase situational awareness

Gain Real-Time Control over Your City

Magal S³ Safe and Secure City Solution helps law enforcement agencies monitor public areas, accurately detect incidents early on, track suspects, and respond faster through analysis of unusual activity patterns. The solution stands out with two important innovations: the fusing of data from multiple sources to identify real incidents, and the integration of many types of sensors, subsystems and applications into one comprehensive solution, to better protect cities against crime, terrorism, and civil unrest.

Magal S³ enables municipalities to stay ahead of every accelerating and diverse incident in their domain, engage with communities in a meaningful manner and respond to law enforcement expectations. The Safe and Secure City Solution provides invaluable detection and investigation tools to constantly improve performance.
