Reduced costs and expenses

Enforcement of policy

## A Partner to Fulfill Your Smart City Vision:

Global provider of integrated smart solutions

Installation-base across 80 countries

45 years of turnkey experience

## Introducing a Unified and Synchronized City

Magal S<sup>3</sup> safe-city solution relies on the unique capability to acquire enormous amounts of raw data from diverse and isolated systems, and fuses them into meaningful and manageable output. Magal integrates with your city's existing infrastructure and system, and leverages it with new and innovative capabilities. With Magal's solution, you increase citizens' confidence and satisfaction and gain complete visibility over city routine, pre-planned events and emergency incidents.

**Overseeing the entire operation, Magal S<sup>3</sup> can impact all aspects of the city lifecycle:**

### **Safety & Security**

Tracking and detection, situational awareness, first-response dispatching etc.

### **Transportation**

Public, private, parking and real-time direction

### **Municipal Services**

Supply system control, waste disposal routing optimization, manpower allocation

### **Citizens' Services**

Mobile app with direct notification, enhanced reporting and information distribution and shortening of service timeframes

### **Energy Harvesting**

Dynamic light control, preventative maintenance and more

### **Disaster Planning**

Utilizes real-time data to prepare for natural disasters, including hurricane and flood evacuations, earthquake detection

### **Solution Principles**

A converged picture at any given time | Multi-agency collaboration | Rule-based operation | Advanced analytics and learning tools | Decision-making support

### **Real-Time Resource Monitoring**

Provides the ability to make more effective decisions based on real-time events

### **Emergency Services**

Empowers you to respond and dispatch to emerging events safely and instantly based on precise information

### **Dynamic Command & Control**

FORTIS 4G: Video management, advanced debriefing capabilities, video tracking, privilege and access hierarchy
