

January 30, 2008

YAHUD, Israel - January 30, 2008 - Magal Security Systems, Ltd. (NASDAQ GM: MAGS; TASE: MAGS), today announced that it recently received a series of orders totaling approximately US\$45 million for a turnkey project to protect critical infrastructure facilities. The turnkey project incorporates fence perimeter protection systems, access control systems and CCTV products. Magal's management expects to recognize income from these orders over the next two years.

Mr. Izhar Dekel, CEO of Magal, commented, "We are very pleased to report these substantial orders, providing us with a great start to 2008. The orders are an important milestone in the implementation of our growth strategy, which emphasizes the provision of turnkey solutions as a major growth driver. The project, which is for the protection of critical infrastructure, demonstrates once again our ability and strong experience in protecting these types of sites."

About Magal Security Systems, Ltd.:

Magal Security Systems Ltd. (Magal) is engaged in the development, manufacturing and marketing of computerized security systems, which automatically detect, locate and identify the nature of unauthorized intrusions. The Company's products are currently used in more than 70 countries worldwide to protect national borders, airports, correctional facilities, nuclear power stations and other sensitive facilities from terrorism, theft and other threats. Magal trades under the symbol MAGS in the U.S. on the NASDAQ Global Market since 1993 and in Israel on the Tel-Aviv Stock Exchange (TASE) since July 2001.
